To mail subscribers the sub scription price is THREE DOLLARS AND FIFTY CENTS a year in advance, TWO DOLLARS for SIX MONTHS, and ONE DOLLAR for THREE MONTHS. SINGLE COPIES ONE CENT.

PROPOSALS FOR NAVAL SUPPLIES, TIM-BER, LUMBER, &c.

NAVY DEPARTMENT. BUREAU OF CONSTRUCTION, &c., Washington, May 11, 1854. CEALED PROPOSALS to furnish naval sup

plies for the fiscal year ending 30th June, 1855, endorsed proposals for materials of timber, metals. and miscellaneous, as the case may be naming the navy-yard and class for which the offer is intended,) will be received by this bureau to 3 o'clock, p. m., of the 20th day of June next, to be delivered under contract at the several navy-yards hereinafter named, free of expense to the United States, and at the risk of the contractor.

One-fourth part of the materials of metals and miscellaneous hereinafter specified for each navyyard, comprising a due proportion of each kind, must be delivered on or before the 1st of September next, one other fourth part on or before the 1st of December, one other fourth part on or before the 1st of April, and the remainder on or before the 30th

Proposals must provide for furnishing and delivering, on like terms and conditions, any additiona quantity or quantities of the articles contracted for, excepting white-oak and yellow-pine timber that may be required at either of the said navy yards before the expiration of the fiscal year ending on the said thirtieth of June, eighteen hundred and fifty five, on fifteen days previous notice from the bureau or the commandant of the yard where the articles are to be delivered, to the contractor or his agent at the point of delivery. In accepting offers, (all other things, including

price and quality, being equal,) preference will be given to articles of the growth, production, and manufacture of the United States. All articles must be of the very best quality conforming to samples, which will be exhibited or application to the commandant of the yard at which they are to be delivered. They must be in good order and condition, in suitable vessels or

packages, as the case may be, at the charge of the

contractor. All articles, vessels, and packages to

he subject to the inspection of the yard where they are received, and be in all respects to the satisfac uon of the commandant thereof. The flax canvas to be 20 inches wide, and each bolt to contain 40 running yards. The blue thread in all to be at the usual distance from the selvage. The weight of each bolt, and that to be borne by strips in testing, is as follows:

Weights to be borne by

	Weight per bolt.	strips.	
No.		Crosswise.	Lengthwis
1	42 lbs. avoirdupois.	470 pounds	316 pound
2	38 do	420 do	280 do
3	35 do	370 do	250 do
4	32 do	340 do	230 do
5	29 do	320 do	216 do
6	26 do	300 do	200 do
7	23 do	280 do	193 do
8	20 do	300 do	213 do

The strips to be one inch in width, except No. 8 which will be 1% inch. The warp and filling to be spun exclusively from long, well-dressed waterrotted flax of the very best quality, without any mixture of shorts or tow. The yarns to be evenly spun and of proper fineness, the warp to be rather more twisted than the filling. The warp and filling from No. 1 to No. 5, inclusive, to be double thread moderately twisted, and Nos. 6, 7, and 8 single thread. No description of weavers' dressing to be used in the manufacture, nor any cylindering, calandering, pressing, or beating. Cotton canvas to be twenty inches wide, each bolt to contain fifty running yards, and to weigh as

follows, viz: No. 2, 42 do. No. 4, 38 do. do. No. 6, 34 do.

7, 32

8, 30 do.

No. 10, 26 do. The hammock stuff to be 42 inches wide, each bolt to contain 50 running yards, and weigh 100 pounds avoirdapois. The bag stuff to be 42 inches wide, each bolt to contain 50 running yards, and weigh 75 pounds. The twine must conform in size, number of

which shall be made from the navy-yards respec-One fourth part of the timber, lumber, & c., required at each navy-yard must be delivered on or before the 20th May, one other fourth part on or

threads, and in other respects, to the requisitions

before the 20th July, one other fourth part on or before the 20th September, and one other fourth part on or before the 20th day of December eighteen hundred and fifty-five. All the agreeaid timber, lumber, and other articles must be of the very best quality, subject to inspection and measurement, and be in all other re-

spects in conformity with the stipulations cor tained in the "Printed rules established for the inspection and measurement of timber for the navy of the United States" copies of which may be seen at either navy-yard or navy-agent's office. All the aforesaid articles are required to be in all respect; satisfactory to the commandant of the navy-yard where the same shall be delivered. The yellow pine plank stocks must be of the very best quality of long leaf, fine grain scuthern

yellow pine, the sap to be excluded in the measurement. The white oak timber and plank must be felled between the 1st of October and the 1st of March, and must have grown within sixty miles of the sea-coast; must be stripped of the bark, or hewed within twenty days after it is felled, and placed clear of the ground, of which satisfactory evidence must be given by the contractor, by the production of certificates signed by two respectable witnesses, with their depositions, under oath, before some judge of the court or magistrate within the township or county where the said white-oak umber and plank was felled,

Persons whose offers may be accepted will be required to enter into contracts, which, beside other conditions, will expressly provide that, in case they shall in any respect fail to perform the contracts, the same may be, at the option of the United States, declared null and void, without affecting the right of the said United States to recover for defaults which may have occurred; with the stipulation that, if default shall be made by the contractor in delivering all or any of the articles contracted for, of the quality and at the times and places named, then, and in that case, the contractor and his sureties will forfeit and pay to the United States, as liquidated damages, a sum of money equal to twice the contract price, which liquidated damages may be recovered from time to time as they accrue.

Approved sureties in twice the estimated amount of each contract will be required in the manner set forth in that instrument, and twenty per centum in addition will be withheld from the amount of each payment as collateral security for its faithful performance. Eighty per centum of each bill, approved in triplicate by the respective commandants of said navy-yards, will be paid by the navy agent at the point of delivery within thirty days after its pre-

Every offer must be accompanied by a written guarantee (the responsibility of the guarantor or guarantors to be certified to by a navy agent or other official person, or by some one known to the bureau) that, if the offer be accepted, the bidder or bidders will, within ten days after the receipt of the contract at the post office designated, execute the same; with good and sufficient sureties, to furmish the articles proposed, agreeably to the term specified in this advertisement, or which may be imbodied in the contract. The law of 10th August, 1846, forbids the consideration of all proposals not accompanied by such guarantee. Bidders are particularly cautioned to endorse their offers as above required, that they may be distinguished from other business letters, in order

to prevent their being oponed before the day ap-All offers not made in strict conformity with this Edvertisement in every particular will be considered or rejected at the option of the bureau. Those only whose offers may be accepted will be notified, and contracts forwarded without delay. Persons offering are directed to designate the

post office through which they desire to be addressed, and the navy-agent to whom the contract shall be sent for execution. All editors authorized to publish this advertise ment will be specially notified by this bureau-

None others will be paid for its insertion. Bids must be separate and distinct for each navy yard and for each class of articles, and must in all cases embrace all the articles mentioned in the class for which the bid is made. The cost of each item

must be distinctly carried out, and the aggregate of each class correctly footed up, which is material to a fair comparison of bids, No extension of time for deliveries under any contract will be granted, and penalties for nonfulfilment will in all cases be rigidly enforced;

bidders are, therefore, requested to offer for no more than they are sure they can furnish within the time specified.

FORM OF AN OFFER FOR SUPPLIES.

I hereby agree to furnish and deliver, at the navy yard at ____, in conformity with the requirements of the advertisement from the Bureau of Construction, Equipment, and Repair, of the — May, 1854, the several articles embraced in (class No. —,) or classes No. - and No. - for that yard, to wit: Class No. -.
